N. Holtvluwer - Students will create their very own glow in the dark “Squidly” diver that sinks and floats with water pressure. Students will also classify and sort bones they find while dissecting owl pellets. They will uncover the hidden energy of ultraviolet light, sound, and static electricity by using many hands on materials such as solar paper, string telephones, LED lights, and energy sticks. Students will better understand Newton's Laws of Motion by participating in The Inertia Challenge. During the last class, students will mix up some slime goo to take home. *Gym*
- Get Your STEAM On! (2-3) CL13 Th 2:45-3:45 pm 3/23-4/20 \$100**
M. Keeble, B. Bocan - **Get Your STEAM On!** Do you want to add some STEAM to your day? If so, this is the place to be! Join us for some fun hands-on experiments that will turn you into a scientist, engineer, artist, mathematician, and so much more! *Room B8*

Glow in the Dark Fun (K-3) CL14 Th 2:45-3:45 pm 2/2-3/2 \$90

J. Walmsley, R. Hardin - Your child will “GLOW” with excitement as they explore fun activities in the dark. Activities will include glowing, connecting “building blocks”, flashing games, glow in the dark drawing, unidentified flying objects, puzzles, car racing and much more. Come relax and have fun in the dark with friends. Guaranteed to “light up” the end of their school day! *Room F18/A21*

Kid’s Yoga (K-3) CL15 T 2:45-3:45 pm 3/7-4/25 \$60

A. Bendixen - Through music and movement the students will learn basic yoga poses that will stretch and strengthen them. Mindfulness, relaxation, and breathing techniques will be taught in a playful way to help the students focus and release stress in their busy daily lives. We will have fun in a noncompetitive environment. To learn more about the program, go to kiddingaroundyoga.com/Anne. ***Please bring a yoga mat to class. No class on 4/18. Music Portable***

Little Medical School® (K-3) CL16 M 2:45-3:45 pm 1/30-4/17 \$125

C. & K. Arnold - Students learn about what doctors use and get their own working stethoscope to keep. They learn how the heart functions and get to listen using their own stethoscope. Through interactive exercise, learn what happens when the bodies digest food. Get up and moving to learn how air enters and exits the body. A face mask and gloves will make students feel like real surgeons as they learn to suture and tie knots! Our mission is to teach elementary and middle school children about the exciting field of medicine. Through hands-on demonstrations, crafts, and games, children are actively engaged as they explore the world of medicine. This is a 10-week STEM-based class. *Music Portable*

Little Veterinarian School® (K-3) CL17 T 2:45-3:45 pm 1/31-4/11 \$125

C. & K. Arnold - This class encourages elementary school children to role play and explore the exciting world of veterinarians. The students will get their very own stuffed animal puppy. Using interactive demonstrations, crafts and games, kids learn how to take care of a pet and use instruments that real veterinarians use. We will learn how to measure and take assessments of their pet dog, and learn the importance of proper nutrition and eating proper foods in keeping a dog healthy and growing properly. Learn what to do when a dog gets hurt and how to care for stitches. Learn the importance of ticks and how to check for ticks. They will learn how to administer tick medicine. Learn and discuss how antibodies recognize and kill germs that enter the body. This is a 10-week STEM-based class. *Music Portable*
