

Q: Per the RFQ, I see there will be a finalist presentation on 12/13 if needed. Does the district plan to award the RFQ prior to the break for Christmas and New Year's?

A: *No. After bids are received on December 7th, we will decide whether more in depth presentations are necessary and will contact those companies to schedule an appointment on December 13th. We will be taking our selection to the board for approval in January before we confirm any selection.*

Q: Are your voluntary products going to be tied into this RFQ; are you bidding those out as well? If so, which ones?

A: *Right now we are just bidding all the administrative services, once we make a selection on a TPA we will work on the voluntary product selections. Of course if you want to put something in the bid about voluntary benefits and how our district may benefit from what you could offer, you may do so. Our goal ALWAYS is to be able to offer our employees the best coverage at the best rates!*
