Gaining the College Edge: Getting on Schedule HS 01 \$110 Age 15-16 and/or parents	These four sessions will be an introduction to the application process. We will inform parents and students about college application requirements, deadlines, assessments, and all other steps required to be ahead of the application submission process. We will then look at essay requirements and provide suggestions for writing unique personal essays and short answer responses. Current personal resume entries will be discussed, and students will be guided on how to best fill in the existing gaps. Students and parents will be guided to the SAT and ACT testing sites and we will provide insight on how and when to best approach these assessments. This course will also serve as a precursor to this summer's Gaining the College Edge Bootcamp when we will work with students to polish college essays and short answers and complete and submit college applications. (Hillier + Simons)	FHS 419	T	5:00-6:00 PM	2/4-2/25
Gaining the College Edge: Jump Start HS02 \$110 Grade 11-12 and/or parents	These four sessions will be designed to guide 9th and 10th grade students and parents in the college application route. Understanding that a few requirements may change over the course of your time in high school, we will cover college research, high school course selection, community service, organization and club participation, employment, and other extracurriculars that will have you well on the way to a solid resume. We will also spend time looking at the SAT and ACT tests, so that you are up to date on testing scheduling and practice opportunities for these assessments. (Hillier + Simons)	FHS 419	T	6:00-7:00 PM	2/4-2/25
Beekeeping FD02 \$95 Age 18+	You can become a backyard beekeeper! Beekeeping is fun, interesting, and rewarding in many ways. Classes progress through all aspects of beekeeping, including equipment, bee behavior, honey, pests and diseases, seasonal maintenance, and apiary inspections. By the end of classes we can help you acquire your own bees in the spring, and hopefully you will even harvest honey this year! Cooking Weeknight Meals FD03 \$125 Age 18+	I've worked in many kitchens throughout my life, but the most important being my own. Cooking restaurant quality meals isn't hard if you have the right tools, techniques and recipes. This course is for anyone who would like to expand their skills in the kitchen to prepare fresh, fast, and tasty meals that won't take all night and make a mess of the kitchen. (Hervada) Class #1 will be tools and techniques-focusing on different knife and cooking skills including a list of tools most commonly used in my kitchen. Nothing fancy is needed, just a few basic things. Class #2 Risotto - the classic and elegant Italian rice side dish that can easily transform into a spectacular entree. It's not as hard as some may want you to think....learn the tips that will make it a regular in your kitchen. Class #3 Chicken Piccata - turn basic chicken into something fantastic with a few ingredients and some simple techniques. This would pair perfectly with the risotto from class #2. Class #4 Stuffed Peppers....learn to make recipes your own by building with ingredients of your choice...this preparation will be with beef, sausage, and vegetables but you'll learn how to easily turn it into your own specialty.
